

An Invitation to Thrive (While Helping Others Do the Same)

I have a vision of a membership group whereby people interested in Metaphysics (including, but not limited to, Tarot, Astrology, and Numerology) and Cryptocurrency can gain new innovative skills and support so they can marry the two disciplines so members can be:

- Effective and/or more effect crypto investors

AND

- Gain new intuitive reading skills to enable them to earn income from educating and helping others with crypto decision making

I must admit though I have invented a new innovative way of reading I am not clear yet as to how teaching others to use it will come together.

And here is what I am VERY clear on.

I can't do this alone and the vision is there.

If you join me as a Cryptoscope Founding Member and you are willing to help contribute to the idea I want to offer you a very favorable founding member price. This price will be locked in as a legacy price for the duration of your association with the Cryptoscope group.

All you need do is send me an e-mail at Hattie@hattieparker.com or direct message me from my Hattie Parker, Facebook page and I will follow up with a one-to-one conversation to help us determine if this is something that will truly be beneficial for you. I look forward to hearing from you.
